Church Chuckle

As you may know, some of us have been known to have brushes with the authorities from time to time on the way home after a "social session" out with friends.

Well, two days ago I was out for an evening with friends and had several cocktails followed by some rather nice red wine. Feeling jolly I still had the sense to know that I may be slightly over the limit. That's when I did something that I've never done before - I took a cab home.

Sure enough, on the way home there was a police road block, but since it was a cab they waved it past. I arrived home safely without incident. This was a real surprise as I had never driven a cab before, I don't know where I got it and now that it's in my garage I don't know what to do with it.
