This weekend's collection provides an opportunity for Catholics to make a financial offering to assist the Holy Father. One-third of the funds collected is for what is traditionally known as Peter's Pence: donations used by the Pope for his charitable contributions to those most in need. Two-thirds of the collection is to support the Holy Father in administering the Holy See and serving the Universal Church.

SMARTEST PEOPLE IN THE WORLD

A medical doctor, a self-proclaimed genius, a little boy and an elderly priest were flying in a small private plane when it suddenly developed engine trouble. Despite the pilot's best efforts, the plane stalled. The pilot grabbed a parachute and bailed, yelling to the passengers that they had better jump.

Unfortunately, there were only three parachutes left. The doctor grabbed one saying "I'm a doctor, I save lives, so I must live," and jumped out.

The self-proclaimed genius said, "I'm one of the smartest people in the world. I deserve to live." He also grabbed a bundle and jumped.

The priest looked at the little boy and said, "My son, I've lived a long and full life. You are young and have your whole life ahead of you. Take the last parachute and live in peace."

The little boy handed the parachute back to the priest, "Not to worry, Father. That last guy, one of the 'smartest people in the world', he just jumped out with my back pack. See you on the ground!"
